

FieldTurf bags hockey stadium deal in Rae Bareilly

FieldTurf Tarkett India has bagged a prestigious deal to install a global category artificial hockey turf for the Pt. Motilal Nehru Sports Stadium. The UP Government chose the same variety used at the Athens Olympics in 2004. By the end of summer, Hockey enthusiasts in the region will be able to practice and compete on this world-class turf.

FieldTurf launches Economy variants grass

FieldTurf Tarkett India has launched new varieties that are very budget-friendly. Starting from Rs. 150/ sft., these new varieties are ideally suited for any landscape application. Fibres are 2" and 2.5"; both slit-film and monofilament. Now you can plan a great, virtually maintenance-free lawn that you've always been waiting for with minimal investment.

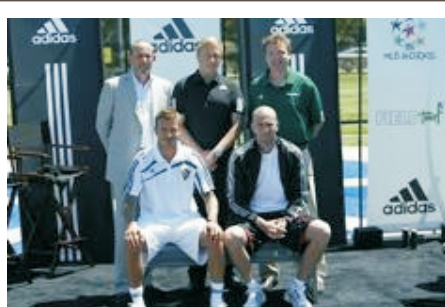

FieldTurf transforms school grounds to lush green

FieldTurf Tarkett India has launched a national level campaign for Schools in India. With an objective to transform existing dust bowls to lush green playgrounds, enabling multi-purpose / multi-sport use. Many schools are already enjoying the benefits of these injury-free, dust-free...and more importantly maintenance-free playgrounds (and the kids totally agree). [Click here](#) for more info

International FieldTurf and Adidas pulls in Zidane

FieldTurf, M.L.S.W.O.R.K.S and Adidas' initiative 'Footprints Fields' donation program were joined by renowned soccer stars—Zinedine Zidane and David Beckham, which will help develop new FieldTurf soccer fields in urban locations and communities across US.

Top Pics of the Month

The most popular park in the city of Hyderabad, Lumbini Park averages over 10,000 people on weekdays and almost 25,000 on weekends. The children's play area had normal sand and was transformed into a lush green lawn with FieldTurf artificial grass.

FieldTurf artificial grass can be installed wherever natural grass cannot be grown or maintained. Just imagine how painful it would be to maintain grass in the above scenario, where dozens of kids run and play everyday, if it is not FieldTurf? HeadStart School, Bangalore.

Infosys has scored another first. For their Bhubaneswar facility, they decided to go for a "grassy" surface. But it was easier said than done. Angled at about 45°, it has a height and span of 225' each, covering an area of over 48,000 sft. The end result was a first-of-its kinds installation worldwide!

Mrs. Sangeetha Reddy (MD, Apollo Hospitals) decided to convert the space beside their water body in her spacious villa, using FieldTurf. The result is an aesthetic and relaxing environment.

What Clients Say!!

Mr. Ashish Teli

"I am very happy to express my satisfaction at the performance of the FieldTurf at various projects, we have used it in Gujarat, I must thank the team for introducing in India this wonderful product, which truly looks, feels and works like grass."

Reputed Landscaping Architect

Dr. Pillai

"We have top-class buildings and labs, and we did not want our playgrounds to be any less. We were so happy with the FieldTurf installation at our Gorai school that we installed it at our Panvel school also."

Global Education Academy
